The handbooks have information on covered services, how to get them, your rights and responsibilities, the plan's grievance system and other helpful topics. See your plan's contact information above if you would like to ask for a handbook.

Your Honor,

Pg # 1 of 7

This entry for a lawsuit I'm sure is out of the ordinary. But so is and are all the facts that lead me here today. Some are aggravating as hell, some are physical painful as hell, and some as sad as any story one could conceive! I have tried to acquire a lawyer but only get the same run around as I do with my medical needs, that are all man made! By sad to say family, friends,

acquaintances through life  
killed by those whom we as  
work as hell or that anyone could  
receive! all I'm asking for is  
as fair shake at justice for  
those missing, murdered and  
raped as well myself feeling  
all this pain myself! But am  
asking for your help and that  
of the agency's necessary to provide  
justice for myself and the other  
families affected by the  
mole, contempt and plain

guard for life itself! The  
people (perps) are suppose to be  
the area's elite and rich! They  
being business owners, philanthrop-  
ists etc! But I have the proof  
and evidence to back up my  
accusations toward all these  
people that seek to say work in  
all aspects of our society and are  
misled by those whom have stole  
the money, sold the drugs - even  
given to misled all said  
people! Most are just guilty  
of being ignorant and com

acent, but never the less must  
lead by the deviant behavior and  
acts of others lying to save their  
own asses! I feel to say but even  
my family! So your Honor  
please take the time to read  
what I have written look at  
the document (ticket signed by  
Det. Dan Chamberlain 3H3) as it is  
proof-evidence to lead to the  
arrest of more than one perp in  
the missing person case of Cindy  
Buehler Tooele High School 1979 O  
26<sup>th</sup>, read the information &

re to George Samuel Elba in  
se # 2110 CV 1075 starting in  
sept of 2010. This is not even  
something one would want to  
try and make let alone live  
through! The pain inflicted  
day and night is at times  
unbearable physically! I have  
the proof from providers at the  
IMC that they won't acknowledge  
because of the positions these p  
hold! As I can see it and  
feel physically through the

am only one of many affected  
by the sickness and greed that  
project these people to do these  
sick things. As they monitor  
my phone, my mail, etc I would  
appreciate being subpoenaed to  
speak with you or a special  
prosecutor to even come to  
my place of residence with  
even the F.B.I. to speak about  
these things and start the  
process of obtaining even more  
evidence and proof of criminal  
stalking and attempted

der, as well as my "n" Sherrill  
acks, as even her extended family  
is involved!

Hoping to hear from you soon!  
I could really use the help and  
have the medical needs attended  
to properly (removal of devices)?  
Having an open mind is the  
place to start! Then notify  
me!

Respectfully  
385-529-9765 Mike Thompson
